Re: Approval of Aluminium Mill to produce Aluminium products

Gentlemen:

A survey of The Corus Aluminium Extrusion Tianjin Co Ltd, Tianjin, People's Republic of China, was conducted by an exclusive Surveyor to the American Bureau of Shipping on the 11<sup>th</sup> October, 2005 and subsequent dates. Results of the survey indicated that the mill is considered approved to produce Aluminum Extrusion products as listed on the attachment(s) in accordance with the Rules of this Bureau.

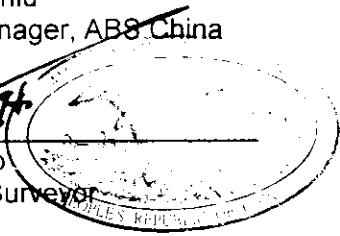

Therefore, Corus Aluminium Extrusion Tianjin Co Ltd may produce the Aluminium Extrusion shapes as listed in the attachment(s) in accordance with ABS Rules, part 2 - Materials & Welding: Aluminum and FRP, including the witnessing of prescribed tests, provided the material in production is to the satisfaction of the attending Surveyor.

Please note that our plant survey carried out is for the product and process as listed in the attachment(s). When new or special Aluminum grades or production methods are proposed, data in support of mechanical properties, weldability and compliance with ABS Rules are required by 2-5-1/1.3 of above mentioned ABS Rules at which time another plant survey by an exclusive Surveyor will be required. It is the responsibility of your mill to inform ABS of any changes in manufacturing parameters

**This approval letter is valid until 1<sup>st</sup> November, 2010 and it is to be renewed on or before the expiration date.** Renewal of approval is subject to a plant audit and re-approval test as applicable.

Very truly yours,  
S.L.Chiu  
Deputy General Manager, ABS China
