

UHRICHSVILLE QUALITY POLICY

Aleris Rolled Products, Inc. and IMCO Recycling of Ohio LLC, is committed to aluminum manufacturing leadership. Our goals are to provide customer satisfaction and continuous improvement of the quality management system that meets or exceeds customer expectations. This will be accomplished through better understanding of customer 'needs' and then quickly adjusting our production processes, delivery and service systems to satisfy those needs. We will meet our goal through safe, cost-effective design of quality systems, clearly defined accountabilities and decision making occurring at the correct level within the organization.

Paraphrased NRM & UHR's quality policy is "CAC"

Customer Satisfaction
And
Continuous Improvement
